ALRIGHT JUNIOR
HAS SHARED
THE STAGE WITH
SOME OF THE
BIGGEST BANDS
IN ROCK.

THEIR ENERGY
AND PASSION
HAS PROPELLED
THEM INTO
THE RANKS OF
PHILADELPHIA'S
MUST-SEE BANDS.

“Alright Junior offer beautifully-arranged frenetic rock songs, doused with passion and finished off with a heavy dose of head thrashing. Lead singer Jace Miller is a born performer, and gestures frantically, grabs the microphone for dear life, and at one point even dives into the audience, almost knocking over an unsuspecting spectator. The entire band is all over the stage, thrashing harder than any band I’ve seen. I’m struck by the comparison of children on a Moonbounce.”

“They have endurance, no doubt, extolling their engendered appreciation for the last “good” era of rock music with all the spasmodic moves of an undomesticated bronco.”

ORIGINATION MAGAZINE

“Dangerously honest, and raw. Tight interwoven arrangements, a kick-ass rhythm section, and consistently original songwriting gives us a very nice glimpse of what’s to come from Alright Junior.”

ALRIGHT JUNIOR

genuinely raw,
alternative rock
from philadelphia.

The explosive, impulsive, and intense vocals of Jace Miller.
The melodic creativity of Jamie Victor's bass and harmonies.
The solid, viking-like drumming of Steph Brettman.

An electric mixture of rock with passionately haunting lyrics,
infectious songwriting and stunning energy. Alright Junior has
performed with some of the biggest names in music.

“Only a handful of bands in Philly have become household names. Alright Junior is one of them. They’ve opened Radio104.5 Birthday Shows, Block Parties and a handful of Live at 5s... they’ve been making music for years and continue to release consistently. They’re like a fine wine that just keeps getting better with age. If you’ve never heard the name before, remember it. One of my all time favorite bands in our area and I am still shocked they’re unsigned. Someone please sign this band.”

“If you’re one of the 90s kids on my Facebook feed mourning the death of the golden era of rock music, you’re just not looking in the right places. Red-blooded alt-rock is alive and well, and Philadelphia’s Alright Junior is a prime example of that. *Inhibition* is the extended play follow-up to long player *Amusia*, and for fans of the genre, it’s pure, uninhibited ear-candy.”
